2 Project Details

Project Title	Total Cost	National Priority Area	LA-LB UASI Investment Justification
LAPD Technology Modernization	$753,619	4. Addressing emergent threats (e.g. countering unmanned aerial system threats [UAS], etc.)	IJ-2: Strengthen Information Sharing, Collaboration Capabilities, and Law Enforcement Investigations

Description of Project	How does the project support the Investment Justification and/or National Priority Area?
This project encompasses the implementation of technology and the modernization of LAPD specialized units' intelligence and investigative capabilities. This project will provide the necessary software tools to adequately prepare, plan, and react to criminal incidents of great magnitude, including mass casualty events and terror attacks.	The funding and procurement of request items will provide tools not currently available to LAPD specialized units and Federal partners. These tools will be frequently utilized and therefore incorporated into critical incident planning. The tools will aid in the LAPD's response to critical incidents, pre/post event.

Discipline	Solution Area	Sub-Solution *(Select one below the main Solution Area)*
LE - Law Enforcement	Equipment	Information Technology

Does this project support Law Enforcement Terrorism Prevention?	How does this project support terrorism preparedness? The use of UASI funds must support terrorism preparedness by building or enhancing capabilities that prevent protect, mitigate against, respond to, or recover from acts of terrorism. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. In the section below, describe how this purchase will support terrorism preparedness **OR** the dual-use quality for any activities implemented that are not explicitly focused on terrorism preparedness.
Yes	The project will assist involved entities in the constant search for pre-event (terrorism) indicators, protective intelligence, and the efficient response/handling of critical incidents, whether criminal or terror based.

3 LA-LB UASI Core Capabilities

***Addressing Core Capability Gaps*:** Identify up to five Core Capability gaps associated with this project and determine if the project will be sustaining or building capabilities in the drop downs below. Identified Core Capabilities should be detailed in the Project Narrative tab.

Core Capabilities	*Build/Sustain*
Cybersecurity	Build Capability
Forensics and Attribution	Build Capability
Intelligence and Information Sharing	Build Capability
Long-term Vulnerability Reduction	Build Capability
Screening, Search, and Detection	Build Capability

4 State and Federal Priorities

State Investment Justification: Identify one State Investment Justification that aligns with this project.

IJ #6: Preventing Violent Extremism Through Multi-Jurisdictional/Inter-Jurisdictional Collaboration and Coordination

State Homeland Security Strategy Goals: Identify one State Homeland Security Strategy Goal that aligns with this project.

1. Enhance Information Collection, Analysis, and Sharing, in Support of Public Safety Operations Across California

National Preparedness Priorities: If applicable, identify up to four National Priorities supported by this project.

Emerging Threats, Including Cybersecurity

5 Emergency Communication Projects

Emergency Communication Projects must align with the California Statewide Communication Interoperability Plan (CalSCIP).

Is this project an Emergency Communications Project? *(If 'No' proceed to Section 6.)*	Yes

Identify the CalSCIP goal that the project aligns with.

3. Develop a common interoperability platform that leverages existing technology and infrastructure, and provides a migration toward emerging

6 Regional Project?

Regional Project?		Lead Jurisdiction	Lead Department
Yes		LAPD	Robbery-Homicide Division
Jurisdictions	**Departments**	**Percentage**	**Amount**
Joint Regional Intelligence Center	Situational Awareness Watch	N/A, shared via LAPD liaison	N/A
FBI Los Angeles	Violent Crime Task Force	N/A, shared via LAPD liaison	N/A
City of Los Angeles	Cyberlab	N/A, shared via LAPD liaison	N/A

PROJECT NARRATIVE

1

EXISTING CAPABILITY LEVELS

Provide a clear description of existing capability levels that will support identified goals and objectives and whether the project is sustaining and maintaining current capabilities as opposed to building new capabilities.
Describe the current state (baseline or starting point) of the project at the beginning of the FY 2021 UASI period of performance. Discuss major milestones, purchases, training activities, or other implementation steps that have been or will have been started and/or completed before the application of FY 2021 UASI funds.

[redacted]

2

CAPABILITY GAPS ADDRESSED BY PROJECT

Explain the capability gaps that this project intends to address.

[redacted]

3

OUTCOMES AND IMPACT STATEMENT

Provide a description of the anticipated outcomes that will be achieved during the FY 2021 UASI period of performance as a result of this project.
Indicate how the implementation of the project will continue to fill capability gaps beyond the period of performance.
Demonstrate how accomplishments will show progress toward the overall objective of the project and bridge capability gap(s).

LAPD RHD has asserted itself as a functional leader and viable partner in the development of an open source and social media methodology spread across the following key stakeholders: LAPD Major Crimes Division (including liaison with the Joint Regional Intelligence Center), the LAPD Department Operations Center, LAPD Media Relations Group (for strategic communication), the LA Cyberlab liaison (for cybersecurity), and FBI Los Angeles' Violent Crime Task Force/Cellular Analysis Survey Team liaison. These entities currently engage in collaboration [redacted]

PROJECT TIMELINE

IDENTIFY PROJECT MILESTONES

In the section below, identify up to 10 milestones for the project within the performance period for the grant. Exact start and end dates of the period of performance are highly subject to change, due to currently unknown state and federal guidance. As with prior years, all projects are expected to be completed within a one-year time frame.

	Milestone Select one per line, up to ten for the project.	Timeline Start	 Finish	Comments
1	Sole Source Form Submitted	January-22	February-22	
2	RFP/RFQ Release	February-22	March-22	
3	Contract Award	March-22	March-22	
4	Requisition	March-22	April-22	
5	PO Issued	April-22	April-22	
6	Receive Equipment	April-22	May-22	
7	Deploy Equipment	May-22	June-22

EQUIPMENT PROJECT APPLICATION

1

EQUIPMENT INFORMATION
Will this project require Sole Source approval?
Yes
Is equipment off-the-shelf or "shovel ready"?
Requires no significant build-out or manufacturing time.
Yes
Will any equipment require EHP approval?
Ex: Equipment permanently attached or installed requires EHP approval. Equipment EHP criteria is extensive. Please contact your Grant Specialist with any questions.
No
Will any equipment require Aviation or Watercraft approval?
Ex: Any new air/watercraft, equipment permanently attached to an air/watercraft.
No
Will any equipment require a Performance Bond?
Any vehicles, watercraft, aircraft, or any single item over $250,000 REQUIRES a performance bond regardless of when the item will be delivered.
No
Is this a technology project? (Ex: radios, software, computers)
Yes
Is this controlled equipment?
Ex: Unmanned Aircraft Systems. To determine specifications review IB 426 attachment.
No
Does this project include any radiation/nuclear detection capabilities that could support the Securing the Cities (STC) Program?
Ex: Gamma and/or Neutron detection equipment or related training and/or exercising
No
Is the equipment shareable?
Yes
Is the equipment deployable?
Yes
Does the project meet DHS SAFECOM Standards?
Information about DHS SAFECOM can be found at www.safecomprogram.gov
No

2

EQUIPMENT LEDGER

Quotes are required for all equipment application. Be as specific as possible when filling out the ledger. Placeholders will not be accepted.
Please submit all quotes and supporting documentation for this project to lalb.uasi@lacity.org.

Equipment Description & Quantity	*AEL #*	*AEL Title*	*Total Cost*	*Jurisdiction*	*Department*	*Quote Attached*
			$753,619.00			
Cobwebs Technologies (5 seats/users)	04HW-01-INHW	Hardware, Computer, Integrated	$ 230,000.00	Los Angeles City	Police	Yes
